Dear John Allen:

I am looking forward with great anticipation to being able to work with you on the Herald of Truth program. Although my participation is limited as far as television filming is concerned, I still think that it is great.

Batsell Barrett was in Abilene yesterday--talked with the Highland elders. It was a very good discussion; and after listening to him and examining the material which he has, I find I have a tendency to believe that he is correct in the position that he takes. I asked him for permission to send you a copy of the presentation he made to the elders. I thought that you would be very interested in it.

As far as we are concerned here, the issue is settled and over with. I really believe that this is something that just flurried up and died down just as suddenly since both Batsell and Ruell have agreed to say nothing further on the subject publicly or in publications. I think we should all pray that this is all. Brother Baxter will continue to be on the program and everything looks good.

Also met with the elders last night, and we decided on a format for the first thirteen films that you will make. It will be very similar to what Baxter and Bailey did, using Holton to read scripture and introduce the program and you as the main speaker. I am sending a film of Baxters' and Baileys' so you can get the general format and the way the program is handled.

I have still not received your list of subjects and brother Cawyer is bugging me so get on the stick!
